Year One Learning

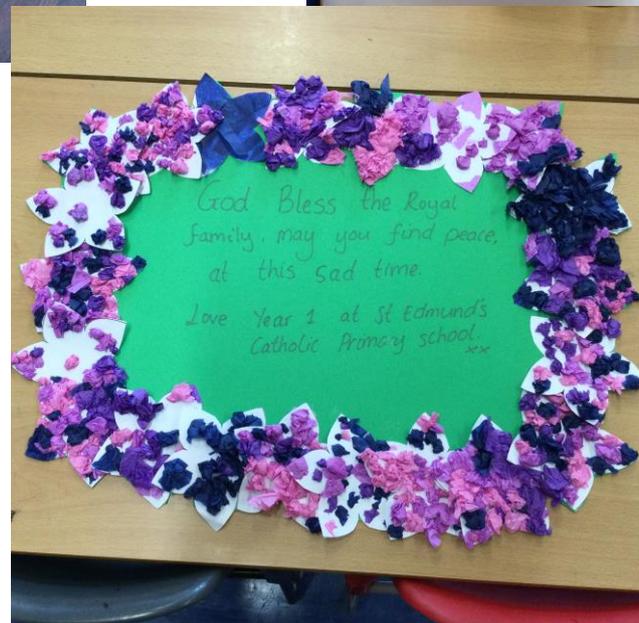

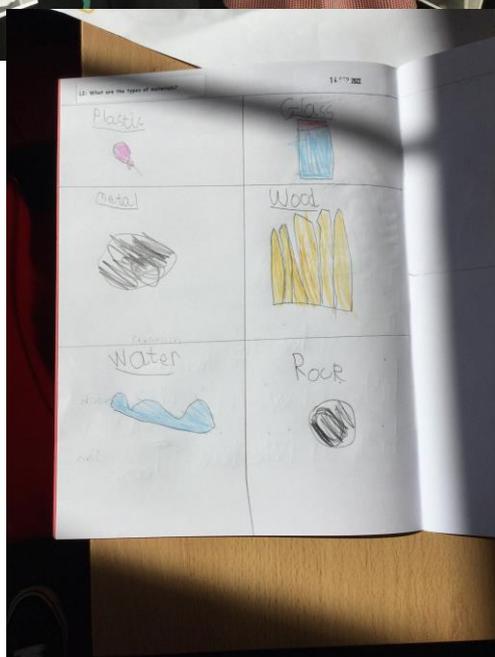

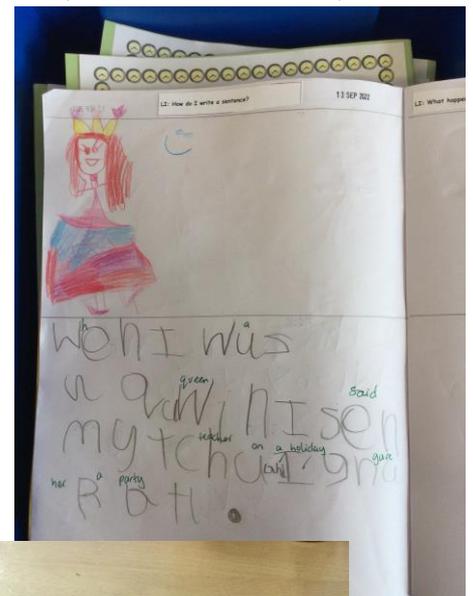

The children were given photographs of themselves in the first week back and worked hard to complete self-portraits which are now on display in the classroom.

We talked about the Queen's life and some things that happened while she was Queen.

The children worked on their fine motor skills to create some flowers out of rolled tissue paper and we constructed a wreath that can be taken to Buckingham Palace as a gesture for the Royal Family.

In science, we have been learning about materials and identifying some types of materials that everyday objects are made from.

In literacy, the children have written about some things they would do if they were Queen or King for the day.

What do our students say about their learning?

Y6 -Lessons are inclusive and informative. The teachers let you ask questions and share opinions.

Y6 - Lessons are challenging and you know you have the teachers' support which makes you work hard.
